

# Mission to Eastern Europe

## Newsletter May 2008

This trip to Romania was my 75th. Over the past few years MTEE has been working with a Romanian Charity FAST based in Sacele, we have seen great things done and the Better Home Project is one of the most ambitious so far, May last year we started digging the foundations for Sorin's house in the village of Talungeni. This trip 13 volunteers went out with me to put the finishing touches to the house, insulation, plastering and laminate flooring. Some flat pack furniture was put together. The team worked hard, for some it was there second trip to work on the house. Children were taken into Sacele to the children's centre for a shower, clothes food and education. We managed to have a day sightseeing at Dracula's castle and by cable car to the Carpathian mountains with breath taking views. Then back to work in the village along side some of the village people, at the end of the week all were tired but happy with the results of their labours, We left Talungeni with some happy memories and one grateful family.

John Rushworth  
Mission director
